***Barun Aggarwal** is a serial entrepreneur with a versatile background and international experience spanning 20 years in several continents. He founded and currently, he heads the BreatheEasy™ - Indoor Air Quality (IAQ) division of Paharpur Business Centre. BreatheEasy™ helps individuals breathe pure air and helps companies implement solutions for improving Indoor Air Quality while reducing energy consumption.

Barun actively engages in creating awareness campaigns on climate crisis and in disseminating the message of environment stewardship, especially amongst school children. Barun is also active in bringing to market natural and practical solutions that fit within the corporate ethos of sustainability. Water filtration and air filtration are the two key areas of focus.

In his talk on Introduction on Green Building, Barun will also cover **use of glass application in green buildings**.

****Kabir Bogra** is an Associate Partner with Khaitan & Co., and has over 12 years of experience in advising clients on Indirect taxes (Service tax, Excise, Customs, Cenvat, International trade laws). Kabir has extensively advised client on involved issues in diverse sectors such as Energy & Natural Resources, Aviation, Telecom, FMCG, IT enabled services, Manufacturing, Heavy Engineering and Mining sectors.

His areas of expertise include advising clients on strategic issues, providing operational advise, transaction structuring, contract reviews, tax diagnostics reviews, vendor / buyer due diligences & tax related financial modelling. Kabir is also a frequent speaker at industry forums organized by CII, Assocham and FICCI.

Kabir is also leading the **GST** initiative of the Firm and has been advising and helping several clients in the preparation of their transition from **CENVAT & VAT regimes to GST**. Kabir and his team have been advising clients on aspects of compliance, cost optimizations and restructuring of their supply chain and distribution networks.
